Our lives are spent in a sequence of
brief moments, constantly gathering
bits and pieces of life's offerings. This
book is a segment of a moment, a
moment relevant to the world we face
tomorrow and look back on today.

tomorrow and look back

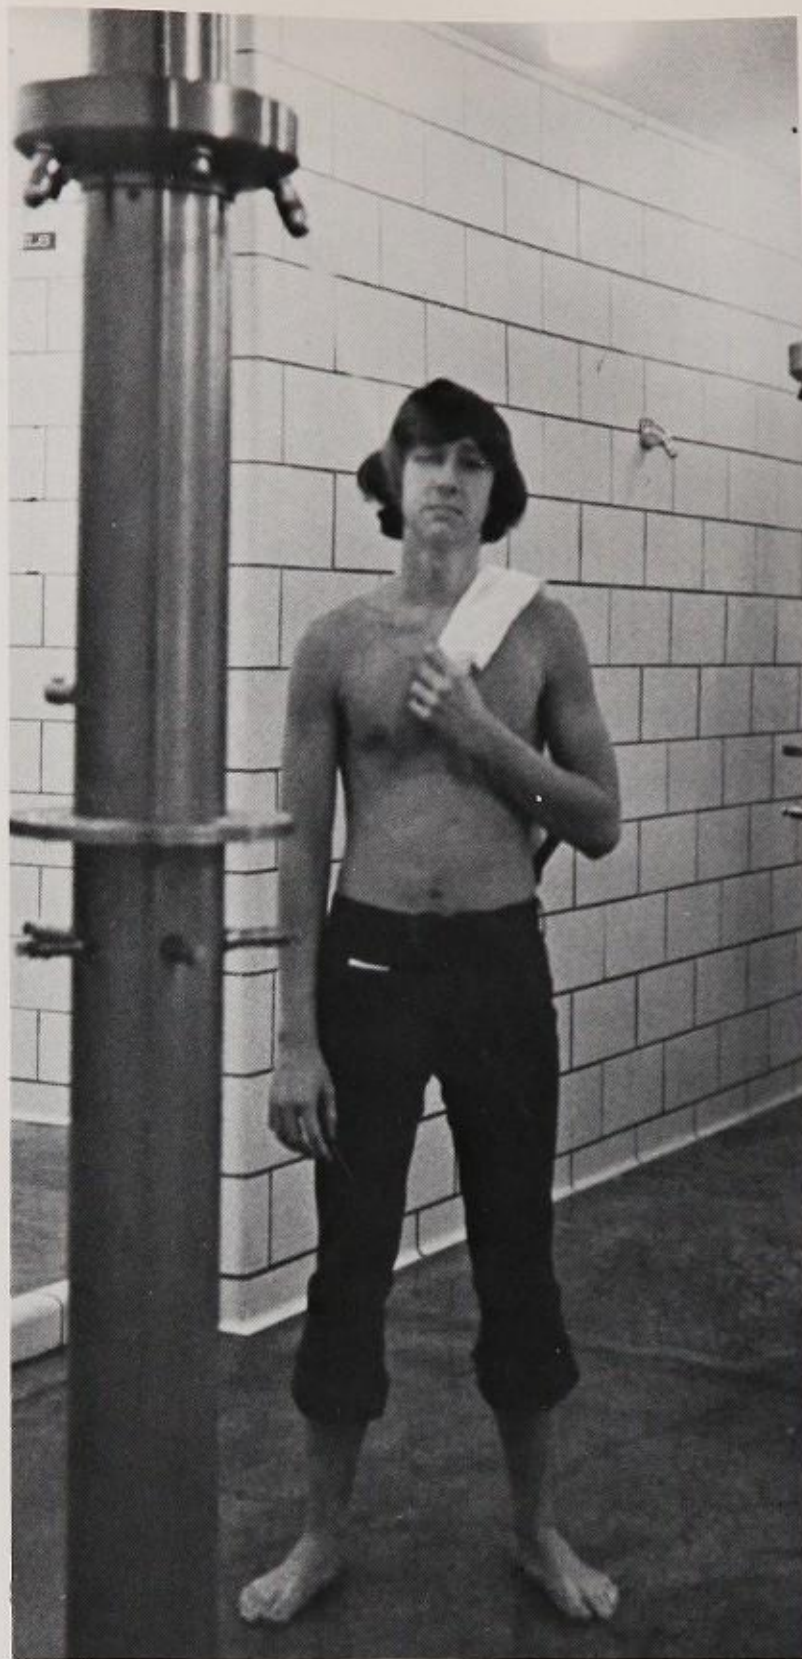

DEDICATION

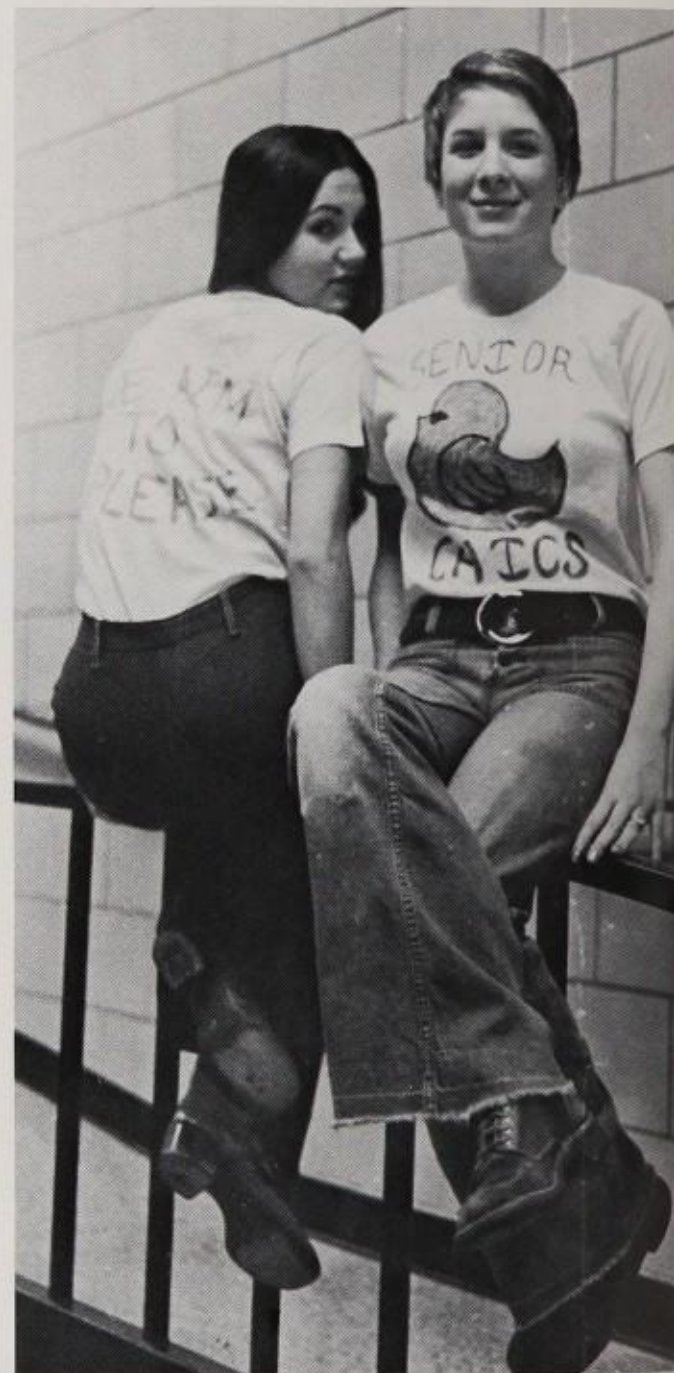

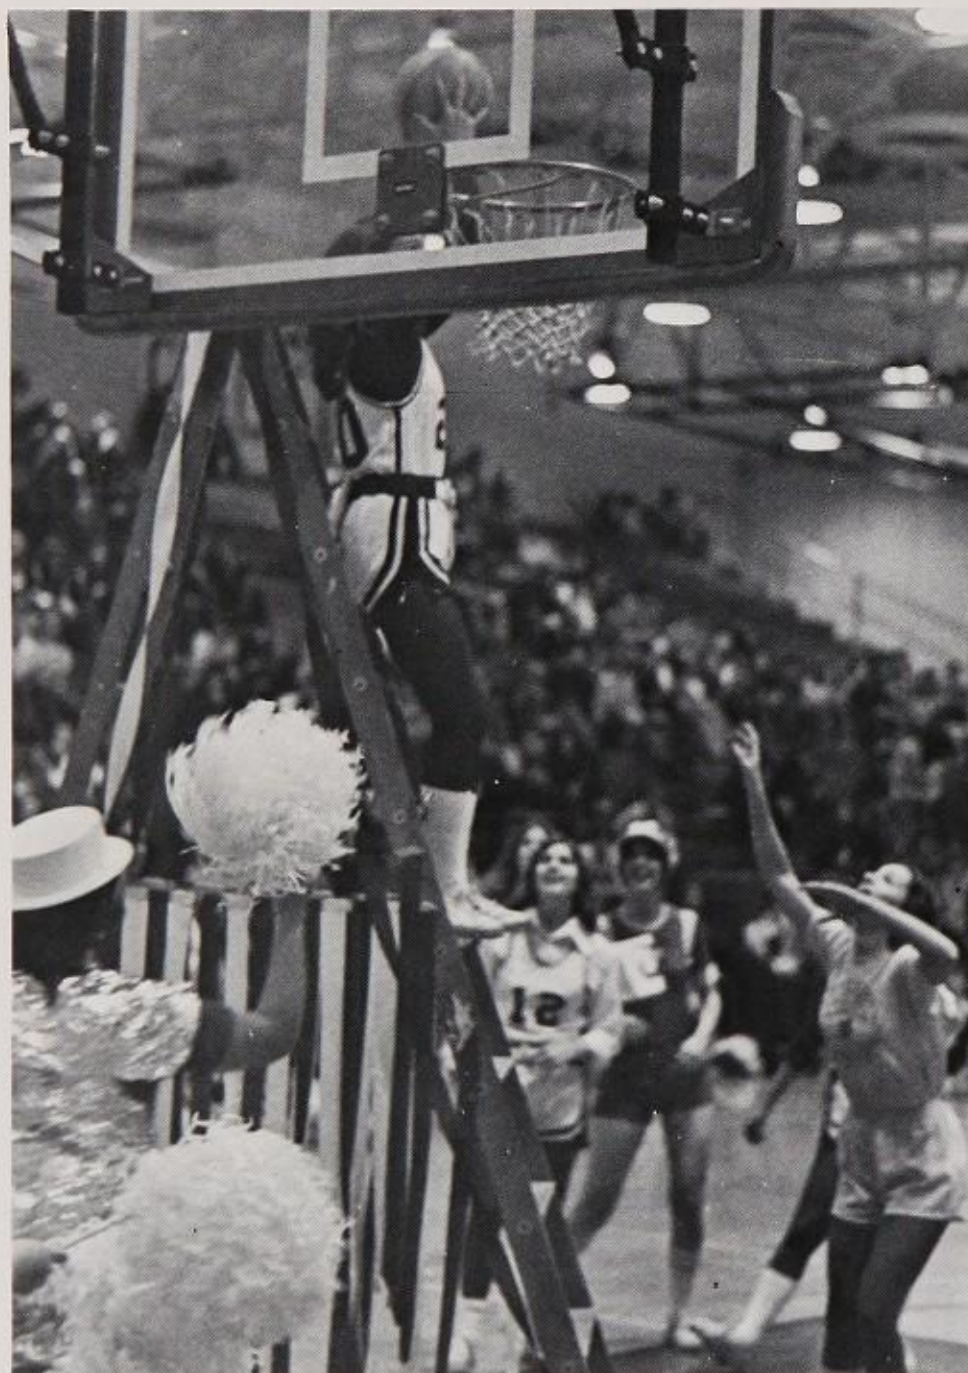

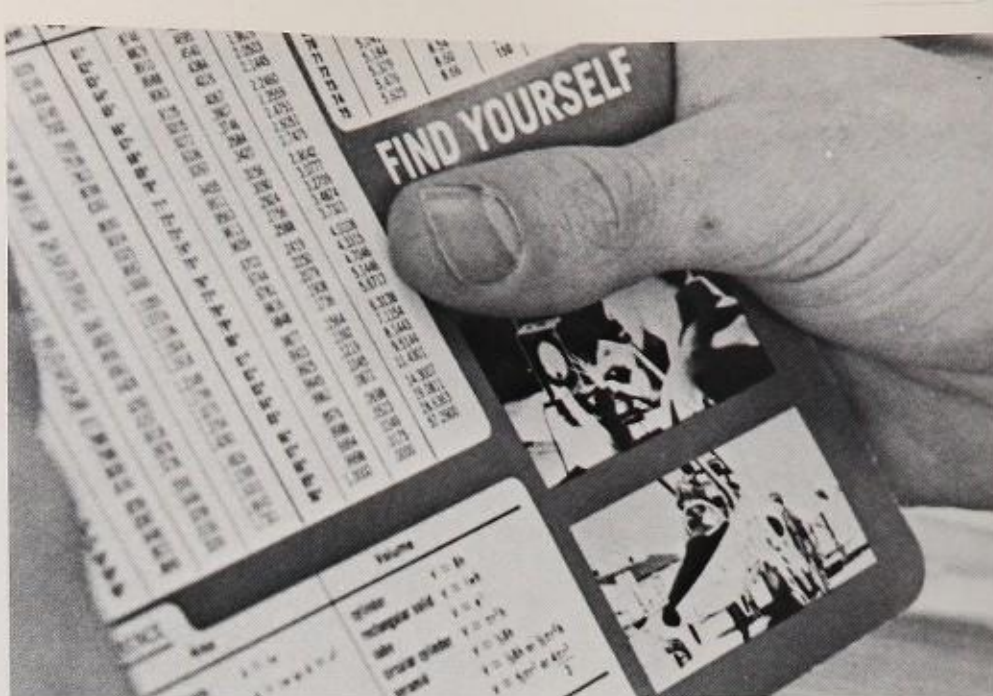

The 1974 **Crier** staff felt that since this year's theme was relevance, the book should be dedicated to a person who has played a relevant part in our school life. The work this teacher has done goes beyond the classroom situation and out into the community. She is an individual who is always ready and willing to help with any project whenever asked. Involvement is the key and she is definitely involved. She organized publicity for the levy, heads the art dept., and directs one of the biggest projects for the school every year, the art show. Little do we realize the time spent in organizing these many endeavors. A person such as this is constantly giving service in unnoticed ways. We feel now is the time the recognition due is given. So, for all the little things she has done for the students, the school and the community, we dedicate the 1974 **Crier** to Mrs. Florence Hosa.

don't worry about the names and the
faces,
remember instead that it was fun.
because after you've forgotten
who-you-did-what-with-where,
you'll always look back and know —
you had the time of your life.

REAL GOALS

Why are goals relevant to the life of a student?

Goals are not easily set. Before we can make the decision, there must be extensive preparation.

Programs such as vocational and business classes definitely give the student a direction to follow. There are also many organizations that offer the chance to dabble in various areas so that one may eventually find a field to suit him. The time has come to find your final purpose and goal.

It all started in the fall when Charlene McAtee won the 1974 Miss Ohio DECA title. The class continued winning in February, when for the fourth consecutive year, they became District 14 champions. They really showed their superior marketing skills as 12 won the honor to compete again in Columbus. The entire class also earned honors for their very busy year, as one of the top eight out of over 350 clubs in the state, with an honorary Chapter of the Year Finalist Award.

In our curriculum there is a course that can be labeled truly practical. This course is the Work Study class which deals entirely with everyday situations. The students are helped in obtaining jobs and taught to work independently. They deal with their class in an equally businesslike manner by electing officers. They help each other by relating their own experiences for the benefit of their fellow students.

INDUSTRIAL ARTS

An Industrial Arts department offers a series of courses in studies that can and do lead directly into a vocation.

In a world where there is an ever increasing number of well-paying jobs that need trained persons to fill them, an industrial arts program is indispensable.

CLASS OFFICERS

"Standing by the brook with reluctant feet" describes the senior well. We've almost finished our high school career, yet for all our talking about being "freed", we have mixed feelings about leaving. Most of us are looking forward to college and whatever we've chosen for our life's work; some of us will go to jobs, some of us will marry. We've set definite goals for ourselves, and we've grown up to realize what the future means, yet the thought of being on our own, of separating indefinitely from the people we've grown up with, tempers our enthusiasm and sobers us somewhat. Thus, you have the senior — a serious, thoughtful person, looking back and looking ahead.

2

- 1/ **Senior Class Officers:** Peggy Lesigonich — Treas., Andy Zembower — Pres., Sue French — Sec.
 2/ **Executive Committee:** Nadine Nadzam, Jan Spence, Barb Geller.

A foldout is much like a person in the process of "becoming". There are many sides to such a person: color, laughter, quiet moments alone, reflecting, dreaming. A new part unfolds every day, giving fresh insight into the person, showing his real self.

Seniors are particularly "becoming" — and this is the purpose of the foldout, to capture the real person, to show the relevance of "becoming" to everything else involved in the constant process of growing up.

IN MEMORIAM

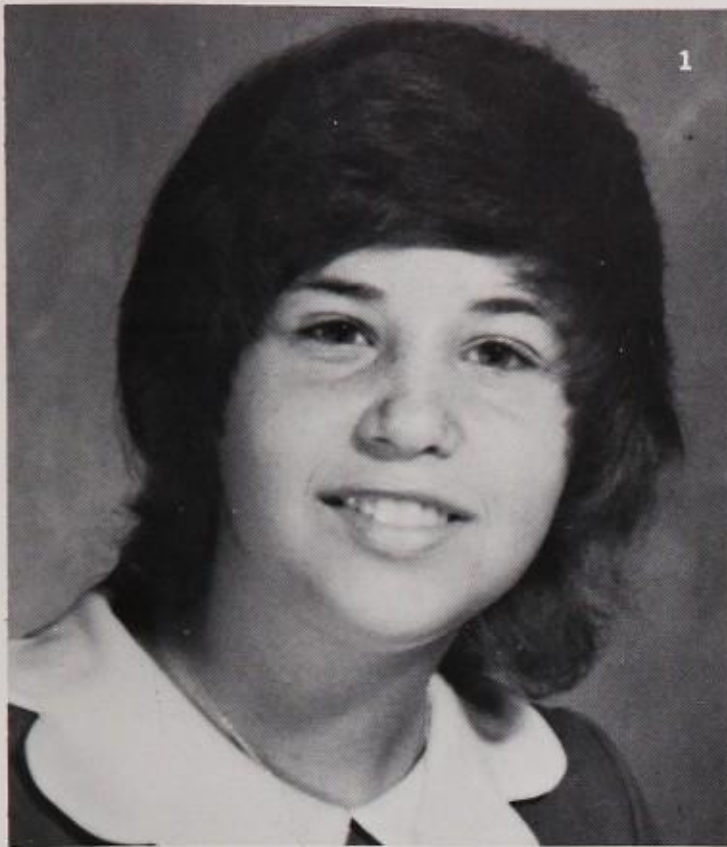

Marianne Gorant

From Beyond

I am gone, but do not mourn me,
 For now my soul is truly free;
 Keep only happy thoughts about me,
 And now and then just sort some
 out,
 Turn back the Clock of Memory.
 Where once again you still can
 see;
 My earthly self which you knew well,
 But above all you must not dwell,
 On times of sadness and of grief,
 For they will steal, just like a
 thief;
 The happiness I left behind,
 And wipe my picture from your
 mind.
 Since I was, I shall always be,
 But remember, do not mourn
 me.

EXCHANGE STUDENTS

An interesting opportunity offered to high school students is the Foreign Exchange program. Two of our students participated abroad this year. Juniors Jodi Roumfort and Becky Philabaum went to spend this year in Brazil and Bogata, Columbia respectively, under the sponsorship of Rotary International Clubs.

Boardman also received a student — Christina Fossa from Brazil. She came to spend her senior year, and to graduate with the Class of '74.

- 1/ JODI ROUMFORT is the coffee really any better in Brazil?
- 2/ CHRISTINA FOSSA — knows that you can make it anywhere with a smile.
- 3/ BECKY PHILABAUM points out her new home.

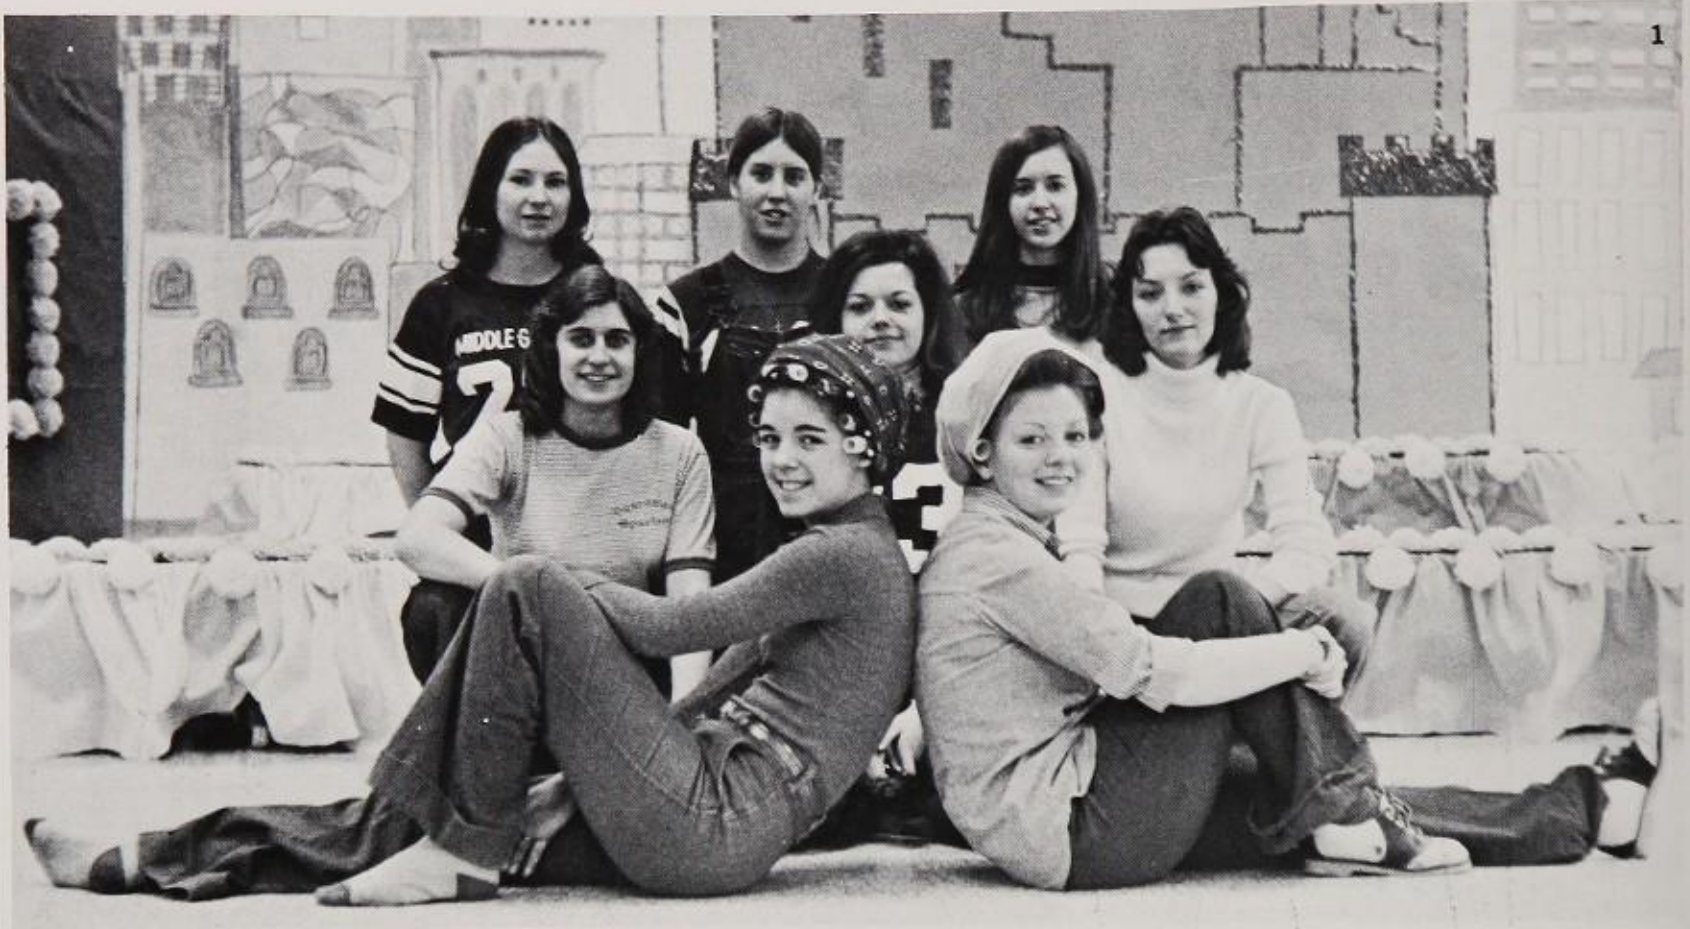

REAL AWARENESS

Why is awareness relevant to the life of a student?

Nothing is quite as important as being able to perceive exactly what is going on around you.

There are many opportunities in school life that give the student the chance to become aware of his surroundings and what they have to offer. These areas are perhaps some of the most important, for they allow individuals to become better acquainted with various aspects of science, math and languages; the structure of our society. This, too, is a time in life when the student finally realizes just how important learning and being aware is.

SERVICE CLUBS

The girls' group, Y-Teens, has completed many service projects for the Society For The Blind and elderly folks homes as well as putting on the annual Sweetheart Ball & Greaser Day. Hi-Y, the Boys' group, took part in Civics Day and the Toys for Tots campaign. Also they placed first, second, and third in competition with other schools' Hi-Y groups in the Hi-Y Basketball League.

The math department offers a variety of courses to the student, ranging from basic Algebra to Calculus. The first years of math introduce the student to the concepts upon which Algebra and Geometry are built. In his junior and senior years the student uses his basic knowledge to acquaint him with the principles behind Analysis and Calculus.

Over the years the Science department has increased in size and quality. The student is introduced in his freshman year to general science. Both Biology I and II aid students in developing a keen awareness of the natural world around him. The more advanced student moves on and studies the practical aspects of chemistry and physics and their use in the environment.

Retaining the customs and traditions of classical Rome, Latin Club has enjoyed an active year under the direction of advisor, Miss Judy Anthony.

New members were introduced to Roman culture during their initiation as they made a tour of Hades and faced the tortures of Tartarus. Celebrating the harvest festival "Saturnalia", modern and ancient customs clashed as slave dances, Latin carols, the visit of "St. Saturnus", and a Roman version of "The Night Before Christmas" prevailed.

Highlighting the clubs activities was the annual Roman Banquet, where Nick Raptou and Donna Zerbonia reigned as Emperor and Empress.

"A Night at Caesar's Palace" provided the atmosphere for an evening of feasting, entertainment and slave girls.

CLASS OFFICERS

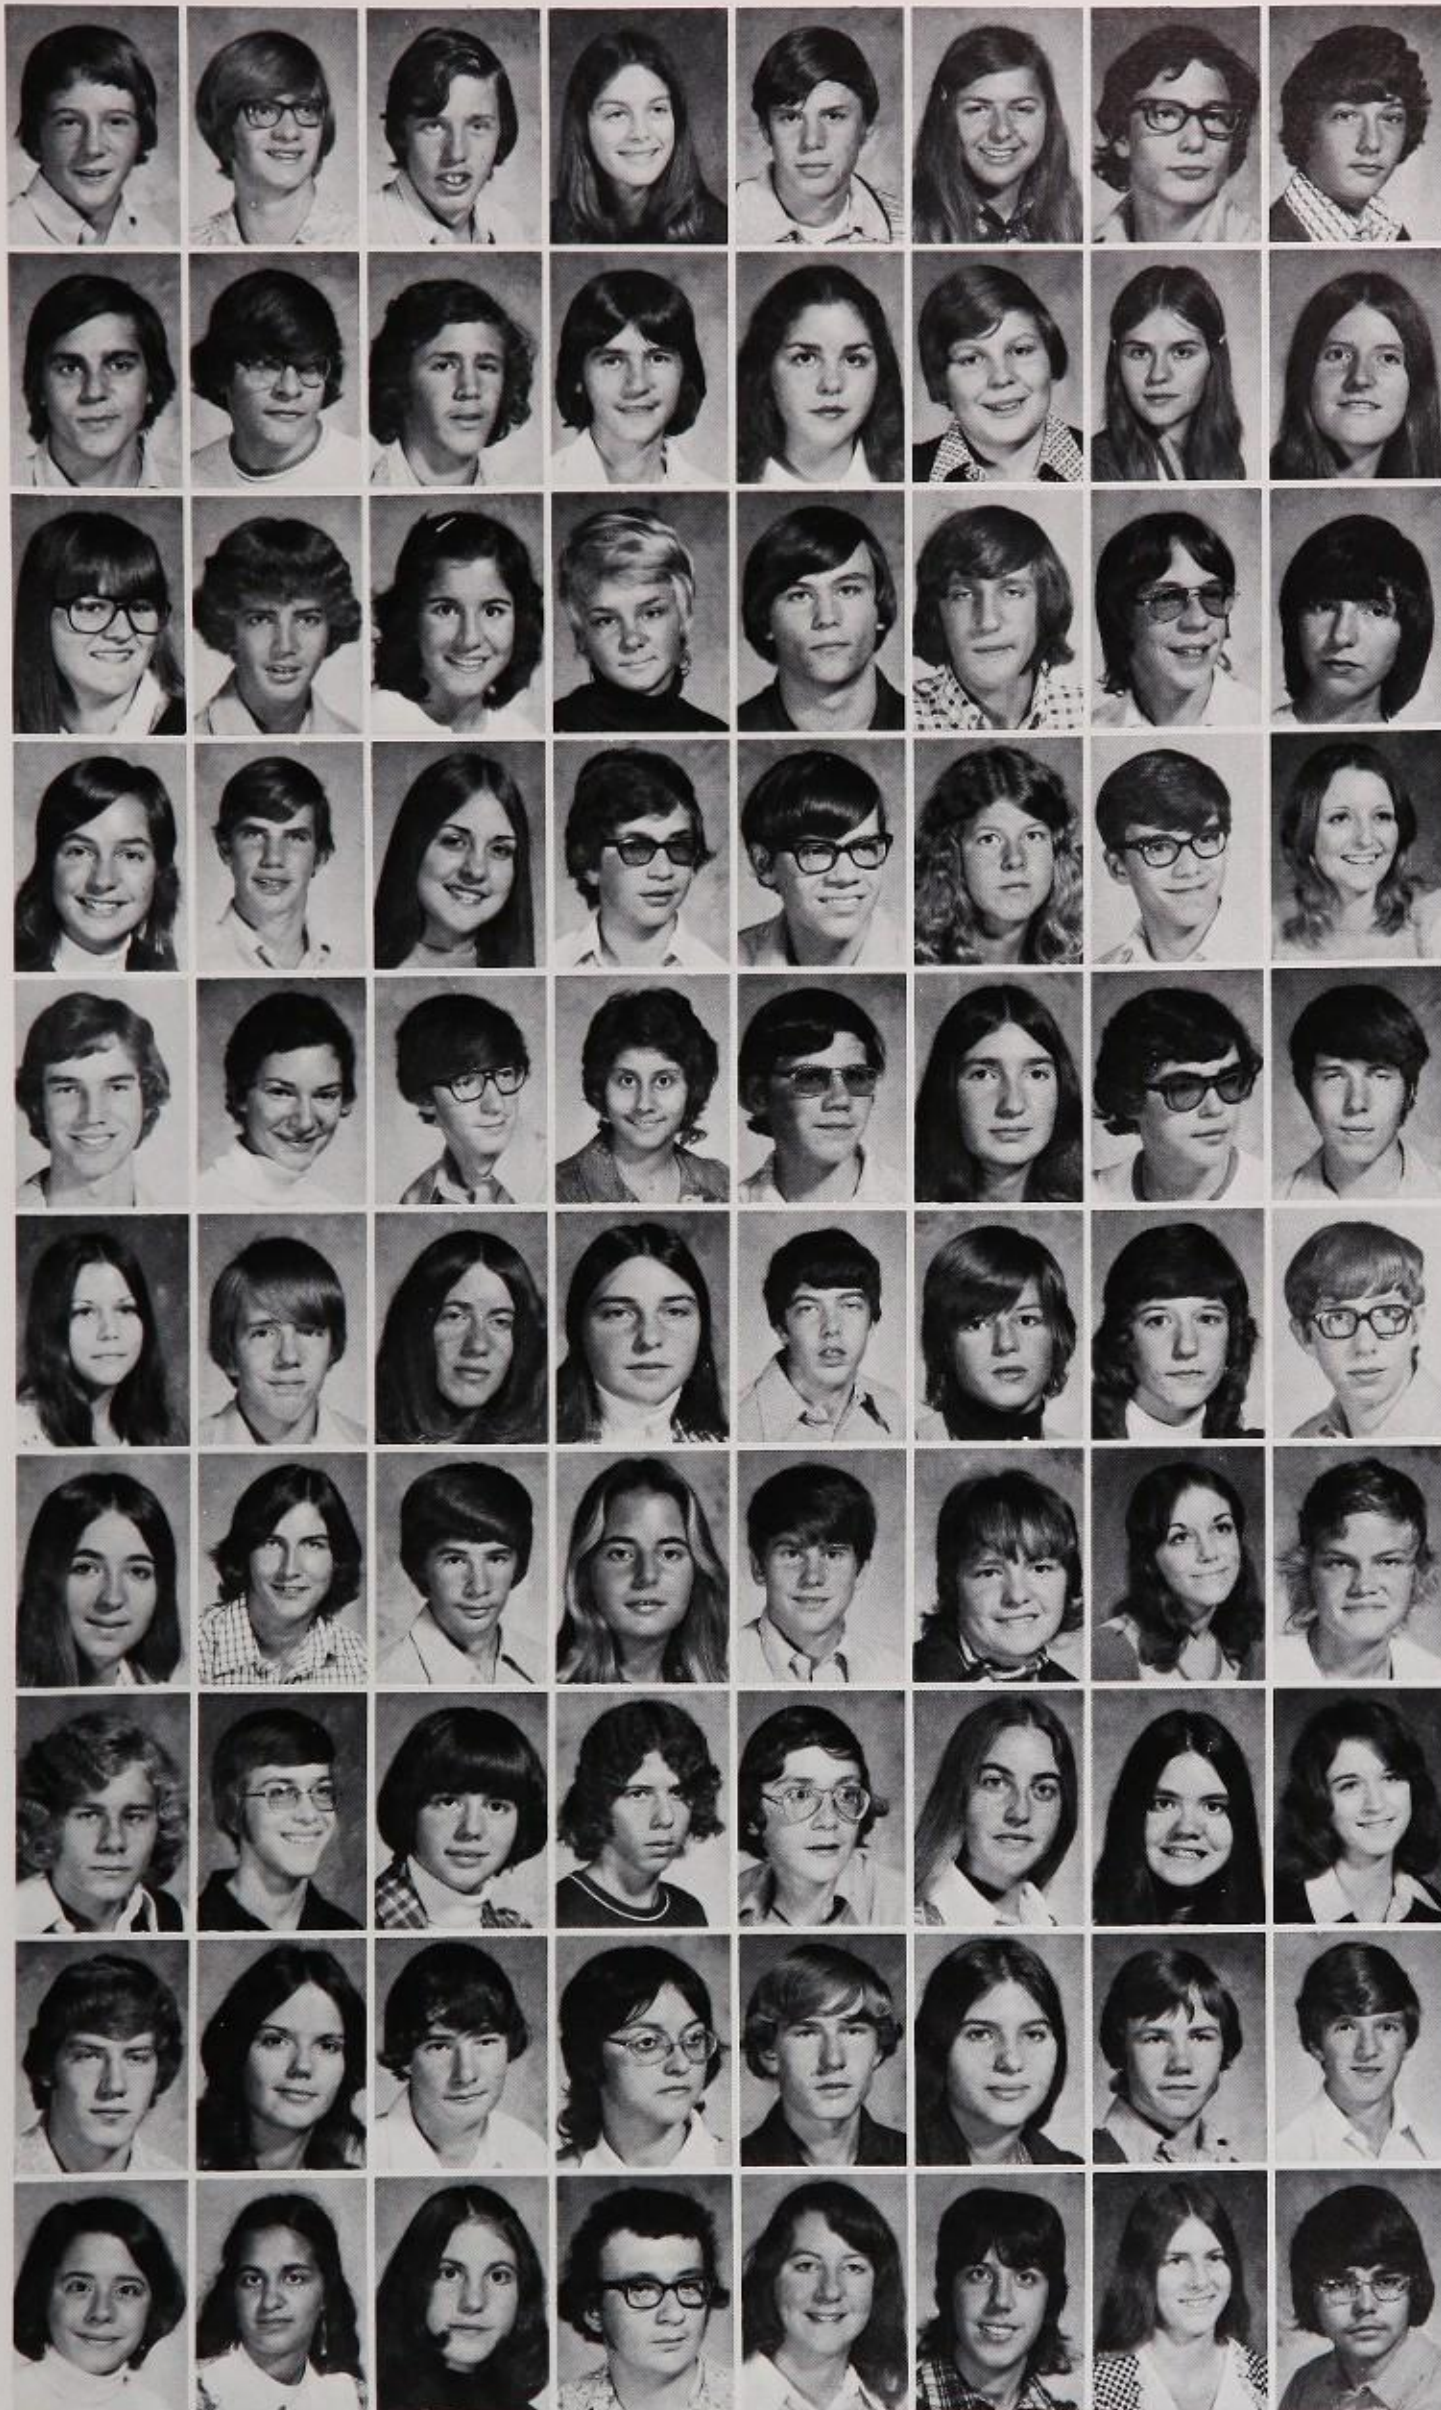

JUNIORS — The junior is the turning point. The junior, while having more activities than ever open to him, also has more responsibilities, and finds he's got to settle down. Graduation starts to be more than a hazy dream, and he's got to start thinking about college, vocational school, or a job. Many take the college preparation tests and attend visitations.

Also, in addition to a busy, serious school life, many juniors have jobs. They have their driver's licenses, and they're already planning for the end of their senior year! Awareness, realization of responsibility and high spirits, take the junior through his busy third year.

- 1/ **Junior Class Officers:** Denise Gorant — Sec., Valerie Gruger — Treas., Brian Hadley — Vice-Pres., Fred Davis — Pres.
- 2/ **Executive Committee: Kneeling** — Sue Lance; **Standing** — Joan Hartenstein, Linda Schneider.

REAL IDEALS

Why are ideals relevant to the life of a student?

Excellence. That is something we all strive for. Our school offers the opportunity for the student to try to reach this state of perfection. Leadership and character are just two of the qualities stressed. Groups of students working together are given the chance to form and fight for their beliefs. They also have the chance to prove themselves academically and to strengthen their personalities. A standard of perfection is sought and often reached.

Mere academic achievement is not enough to be inducted into the National Honor Society. It is an organization composed of students who have achieved recognition in leadership, scholarship, character, and service. They, also, must be in the top one-third of their class. For entrance into Quill and Scroll, students must contribute significantly to either publications or journalism. In our case, the inductees are picked from either the Crier or the Bugle Staff. Both organizations are honorary societies which merit recognition and congratulations.

CLASS OFFICERS

SOPHOMORES — School starts to be serious business in the sophomore year. The soph's place is pretty well established in school. He's chosen his clubs, he's decided what courses he'll probably be taking in the next three years. The sophomore becomes more involved in school, and enjoys some of the responsibilities and privileges of being a class ahead. He orders his class ring, and maybe goes to Homecoming or Sweetheart for the first time. All in all, it's a busy year, again, full of "firsts" and new experiences, but almost always enjoyable ones.

- 1/ **Sophomore Class Officers:** Peggy Shuck — Treas., Mark Moldovan — Vice Pres., Barb Duby — Sec., Kent Lewis — Pres.
- 2/ **Executive Committee:** Lori Parker, Leslie Heckel, Paula Graneto.

REAL FUN

Why is fun relevant to the life of a student?

There are many intellectual organizations that a student can join and benefit from. But school isn't all work. There are many activities that are not only beneficial but also fun. These are just as relevant and meaningful to the student and his growing process as any classroom situation or grueling project. Such activities allow a student to further his creative endeavors.

BUGLE

Boardman High's bi-monthly publication, **The Bugle**, recently became one of the top high school papers in the nation. It received the "All-American" award at the Columbia Scholastic Press Association convention, the highest national award. A lot of hard work and creativity helped to win this award, and advisor Mrs. Delores Sullivan and her staff all felt it was worth the effort.

- 1/ LAURIE ZLOTNICK proofreads copy for the Bugle.
- 2/ DEAN ZAWACKI and Editor Anne Worland find a feature story for the Bugle amusing.
- 3/ **Bugle Staff:** 1st Row: Mary Beth Houser, Donna Zerbonia, Joe Bush, Lynn Montanaro, Brenda Hornick, Kathy Smith. 2nd Row: Thad Schilke, Dave Hippo, Cheryl Neapolitan, Dean Zawacki, Sue Stevenson. 3rd Row: Bryan Ridder, Celeste Sinistro, Jim Ambrosio, Laurie Zlotnick, Carol Frank, Debbie Anderson, Mike Dillman, Monica Ilko, Liz Thomas.
- 4/ EVEN EMPTY, the Bugle Staff room reflects the industrious work that takes place there.
- 5/ JIM AMBROSIO checks over the editorial page.
- 6/ EDITOR LYNN Montanaro lays out a page for the Bugle.

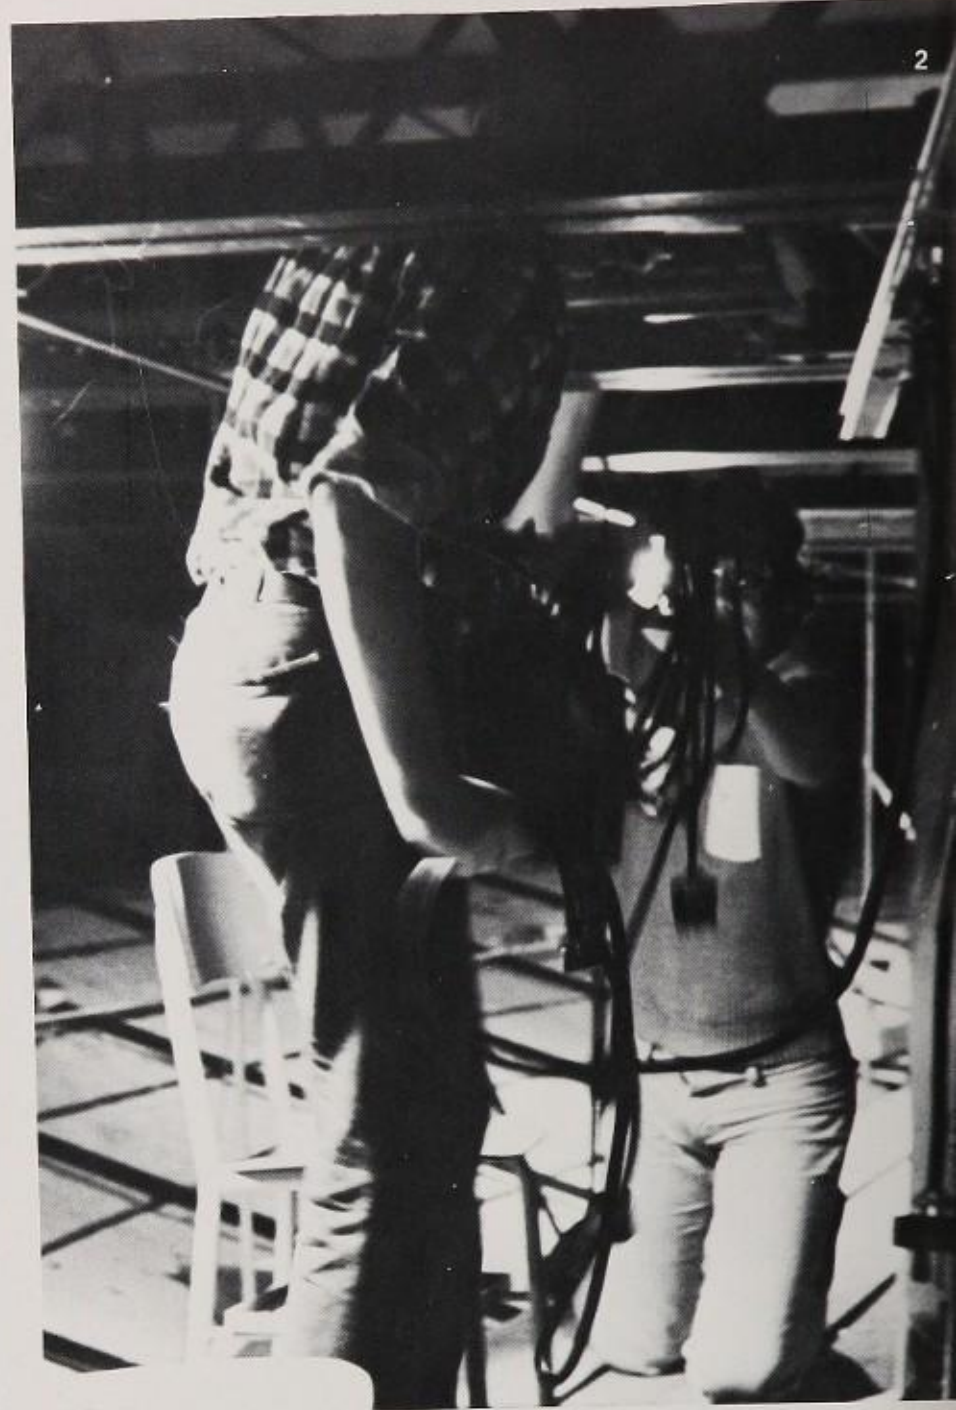

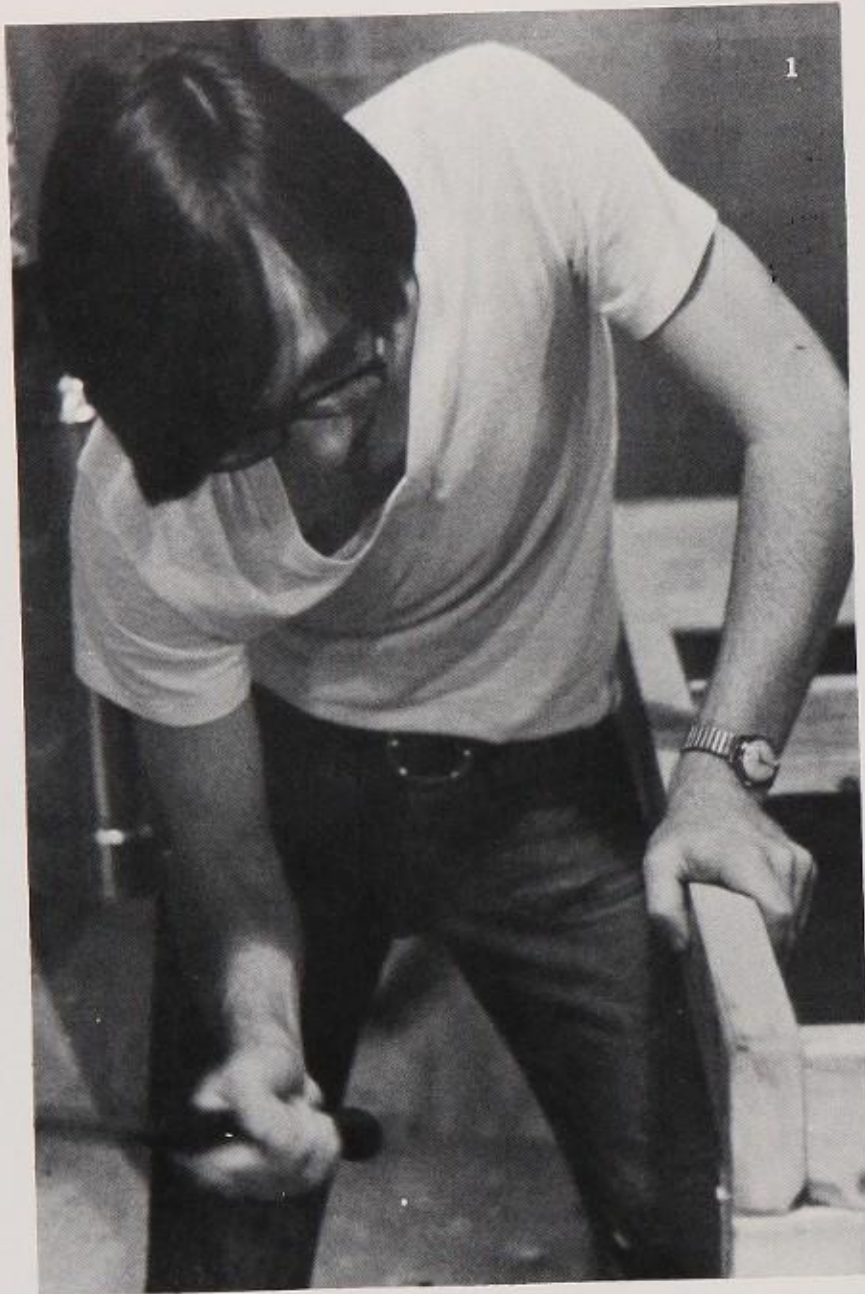

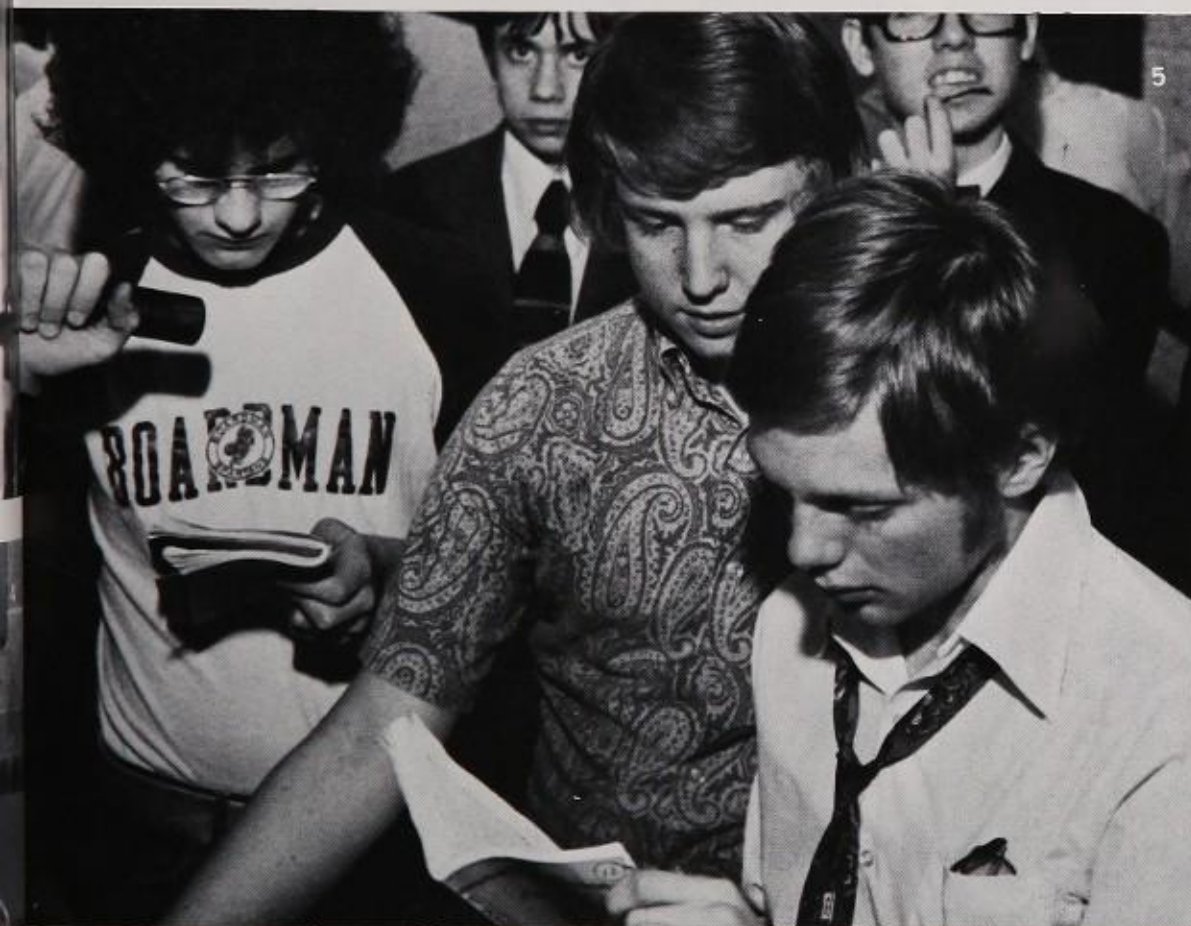

- 1/ **Crier Staff: Front Row:** Dana Neillie, Nick Majetich, Maureen Templeton, Peggy Hetzel, Dan Booth, Suzanne Hayden, Mary Zickar. **Back Row:** Tom Dolle, Kathy Kowal, Patt McGovern — Editor, Sue Walker, Sue Bell, Ruth Ausnehmer, Amy Evans, Sue Savich, Lori Grenich — Editor, all in a flurry of activity to meet a deadline.
- 2/ THE '74 TRI-EDITORS, Lori Grenich, Patt McGovern, and JoAnn Reiff relax after another deadline has been met.
- 3/ JoANN REIFF works on some of the format titles found in the yearbook.
- 4/ WRITING SOME of the caption copy found in this year's Crier is Sue Bell.
- 5/ STUDENTS in charge of advertising are Ruth Ausnehmer and Sue Savich.
- 6/ PEGGY HETZEL, using a scalograph, crops yet another picture for the Crier.
- 7/ MAUREEN TEMPLETON head typist, sadly turns her typewriter over to Kathy Kowal for the 1975 yearbook.

STAGE CREW

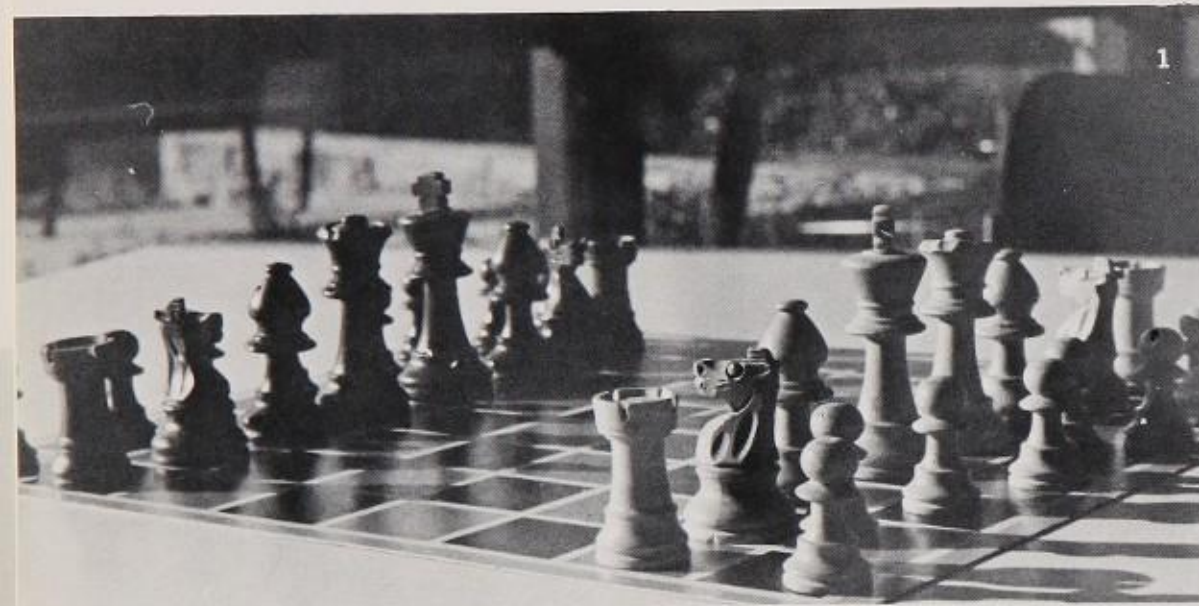

- 1/ JIM VARNER hammers away diligently to finish the set on time.
- 2/ DAVE BEASORE and Dave Bilgreen string the lights into position to accent the actors and their moods.
- 3/ **Stage Crew: 1st Row:** Anne Bassett, Linda Price, Lorrie Budd, Chip Smith, Al Matasy. **2nd Row:** Anne Crowley, Tom Denton, Gary Young, Dave Bilgreen, Dave Beasore. **3rd Row:** Carol Bassett, Liz Thomas, Lori Grenich, Sue Walker, Colleen Keller, Laura Catullo.
- 4/ CAROL BASSETT, Lorrie Budd, and Linda Price make building blocks for the "Medea" set.
- 5/ GARY YOUNG, Dave Beasore and Jay Sommerlad concentrate on their lighting cues as the cast of "Our Town" prepare to enter.

Stage Crew provides the technical, behind-the-scenes magic essential to any dramatic presentation. Set design, construction, and theatrical lighting readily fall into their milieu. Under the direction of Mr. Charles Willett they have provided the technical assistance for three plays this year.

REAL COMMUNICATION

Why is communication relevant to the life of a student?

Communication. The ability to express oneself through music, speech or writing. Our capabilities in these areas are limited only by our lack of enthusiasm and perseverance. Plays, band, art and other such activities may be considered only diversions from daily school life. Yet, these activities manage to further the level of understanding and appreciation of our culture and our language.

The student has many areas to choose from, including Oratorical Declamation, Original Oratory, Extemp, Humorous, and Debate. Participation involves competing in weekly meets at area schools.

This year, our team placed six finalists in state competition. These were Bennett Rafoth, Becky Maikranz, Celeste Sinistro, Sue McGrath, Shelly Smith, and Chris Schettino.

REAL DEVOTION

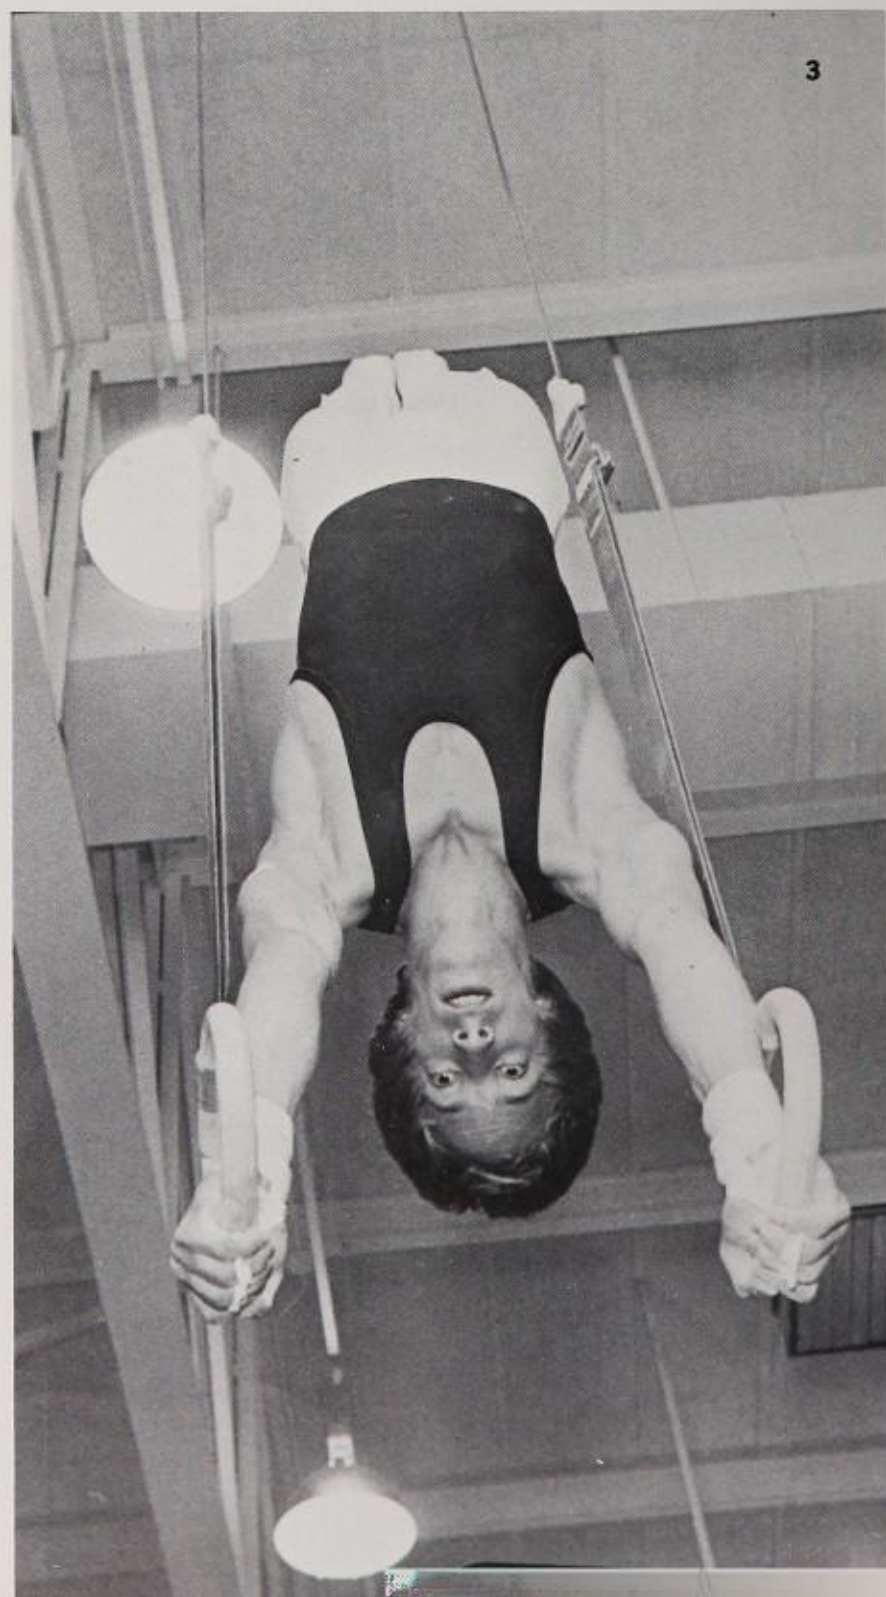

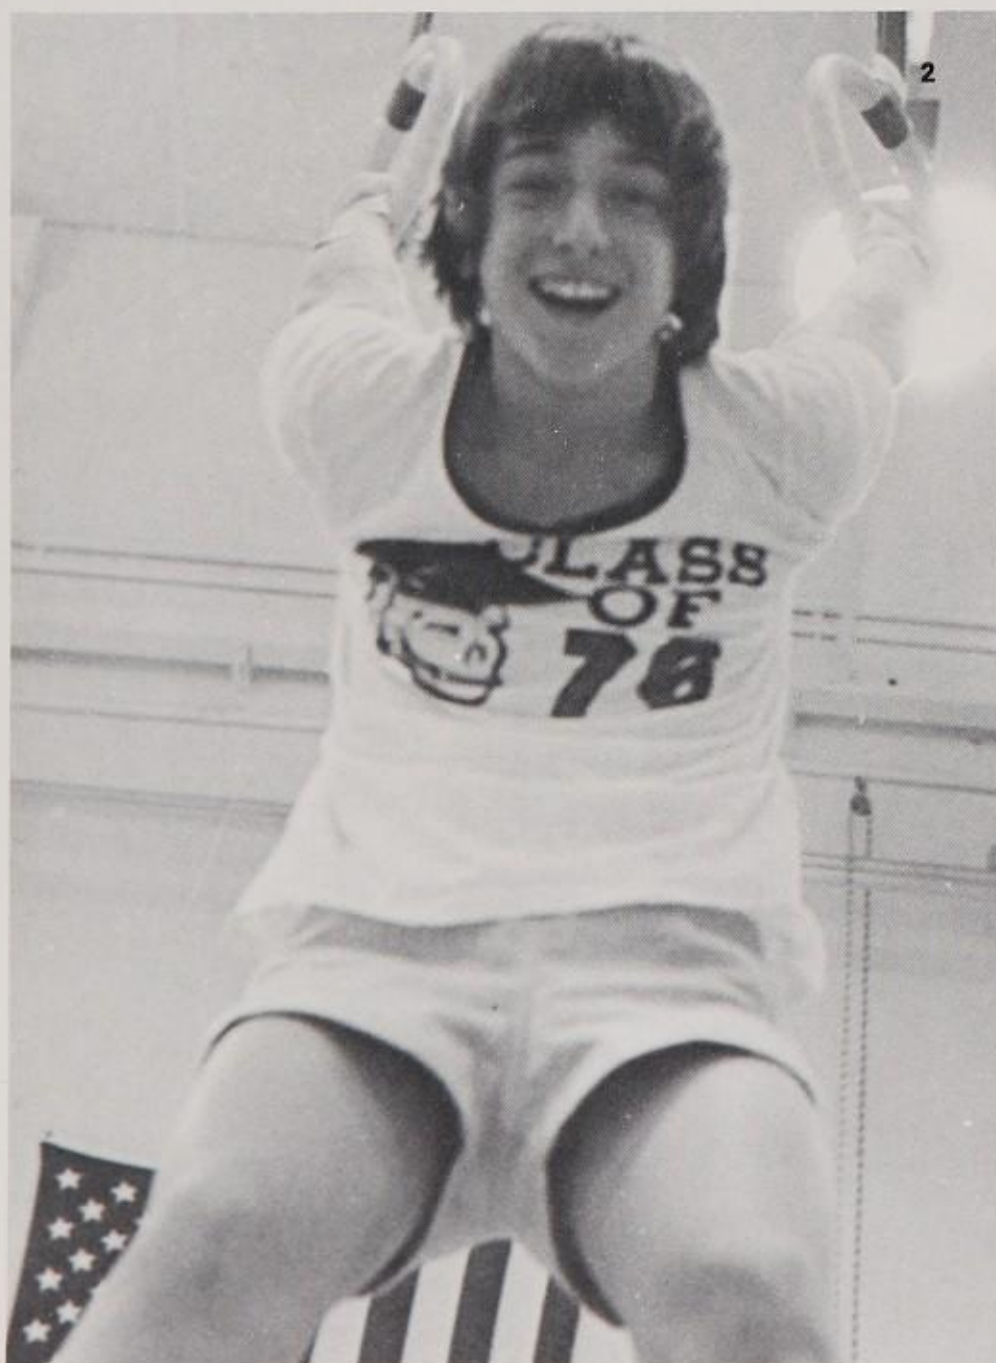

Why is devotion relevant to the life of a student?

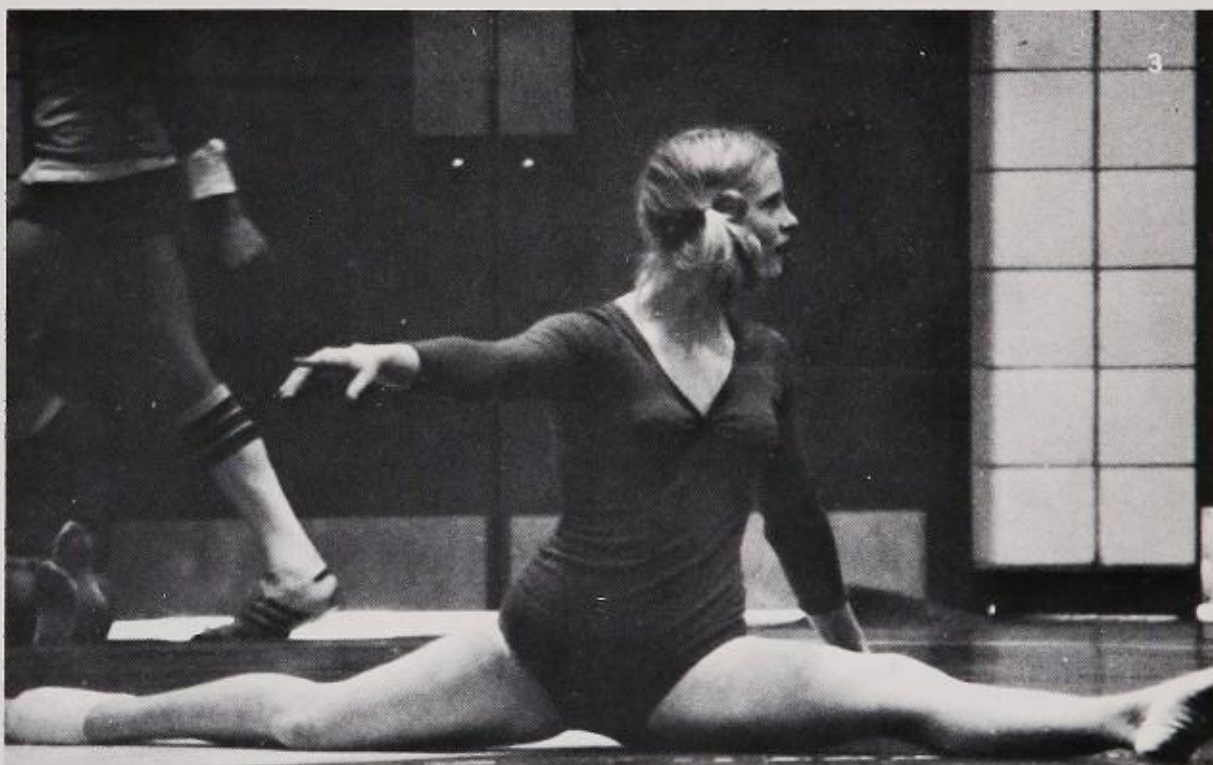

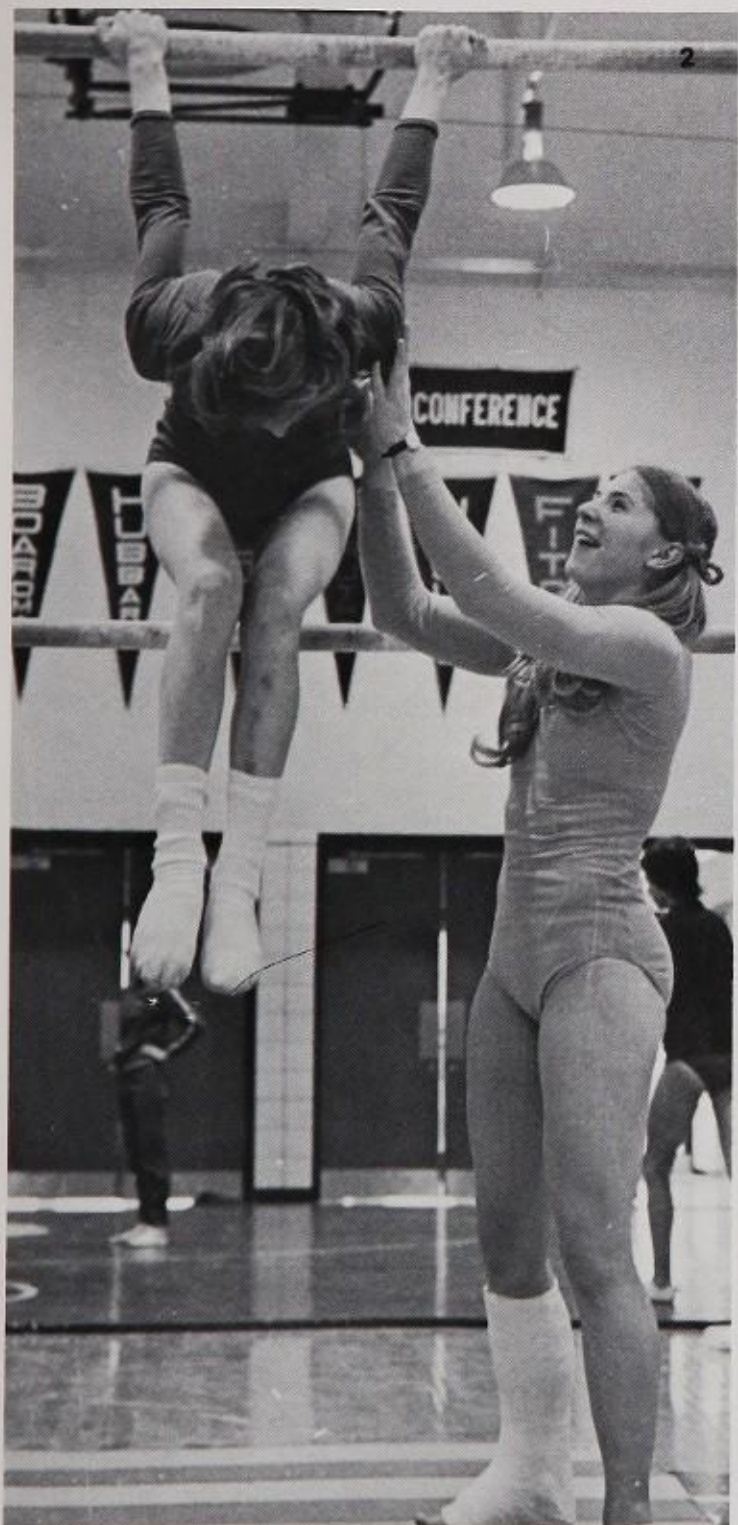

Time and time again, the team is praised for its victories and a group is congratulated for its fine work. It is very true that combined efforts produce a winning combination that is worthy of praise. But credit must be given to the individual. Sports, office work, or any activity along these lines develops a person as an individual. These students give many hours, much energy and hard work to create something the school can have pride in. This is devotion; a successful union of mind and body.

Girl's softball has added a bit of spunk to the feminine side of Boardman High's athletics. This year's winning team consisted of eight seniors, and even though they will be leaving next spring, the remainder of the team looks promising. Coach Nancy Himsel can be proud of her girls.

What does it mean when you sacrifice your voice and your energy, jumping around, yelling, "Gimme a B!"?

What's the point?

Who'd want to do it anyway?

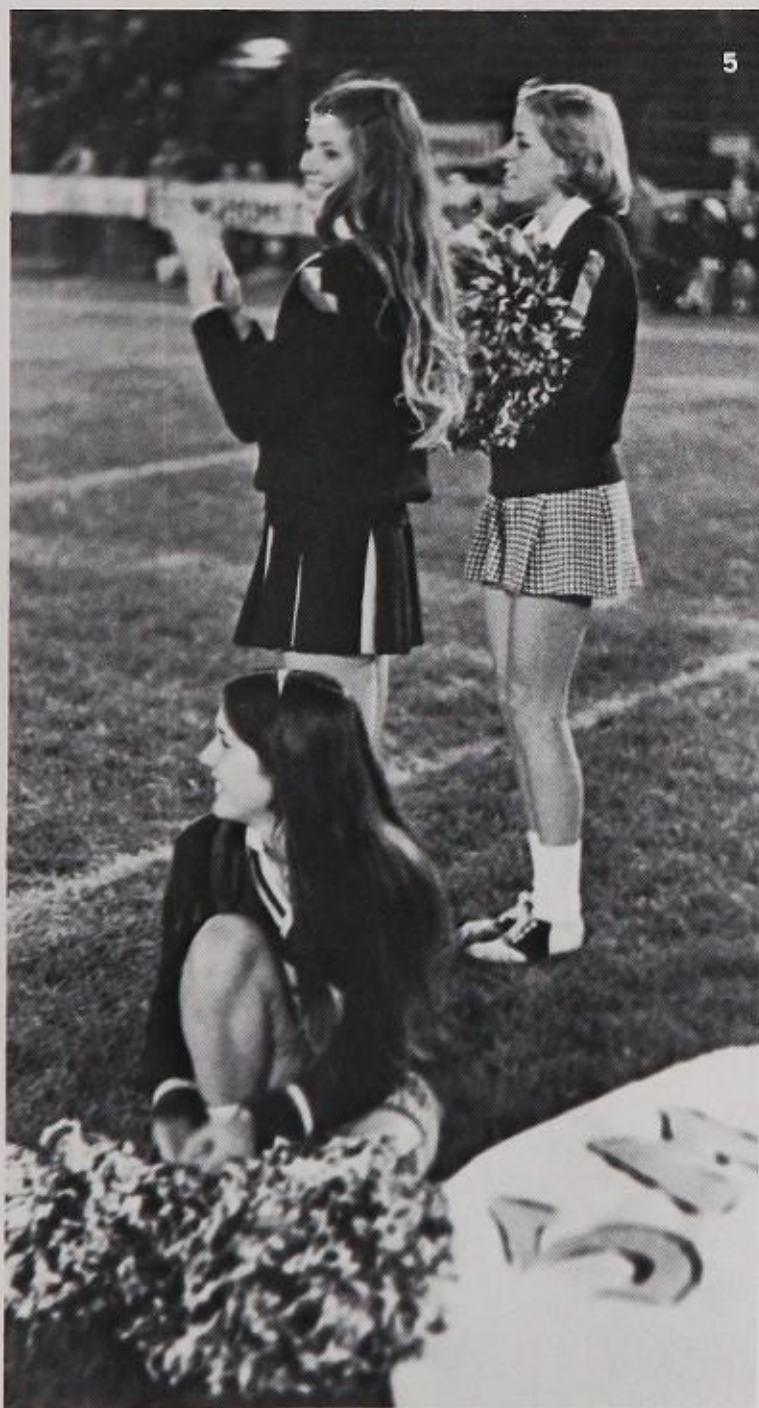

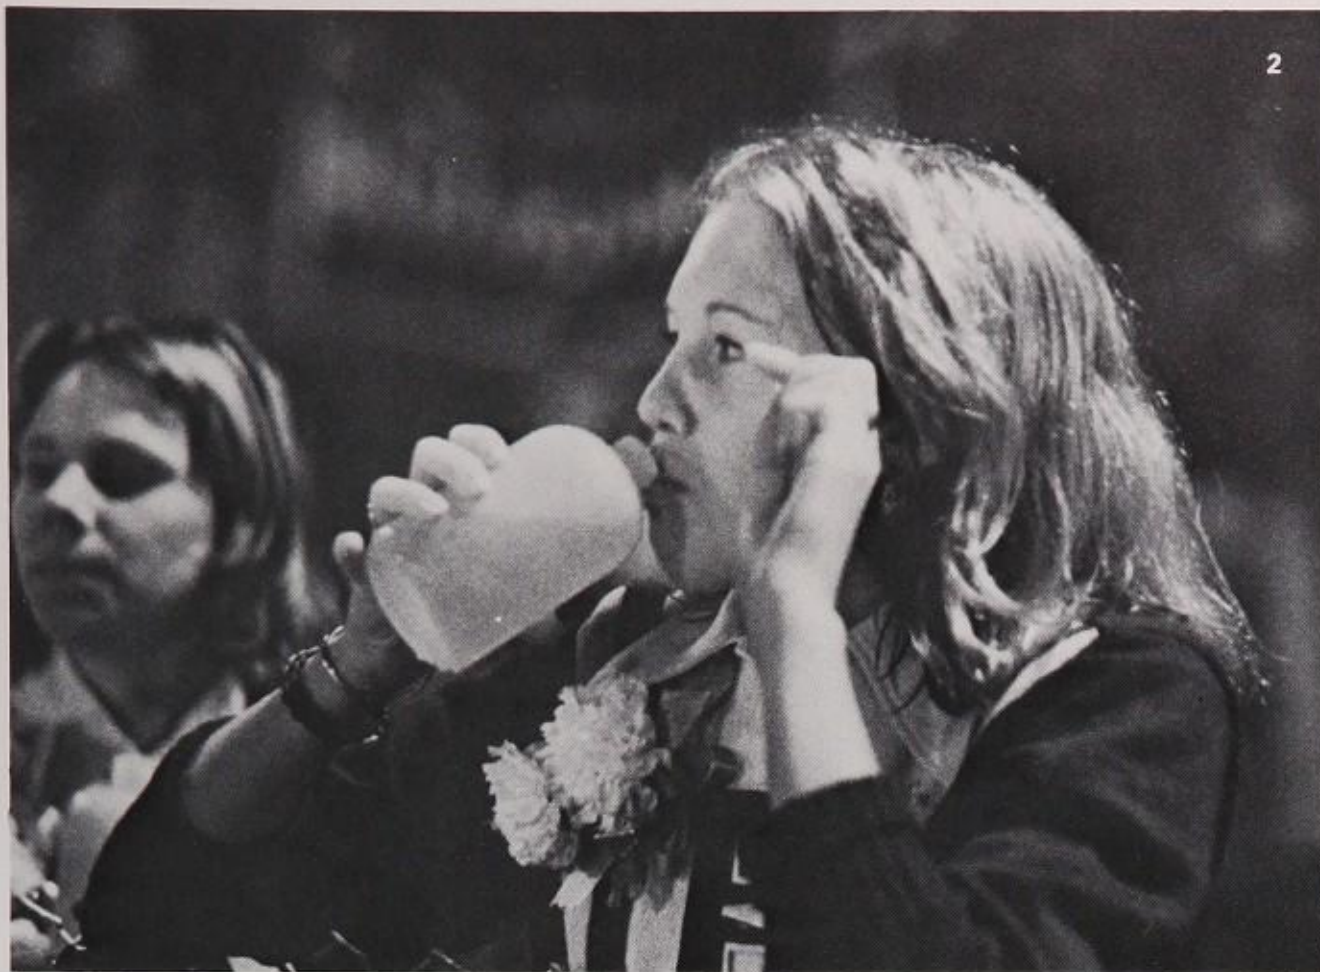

There are some people who know that school spirit means more than just showing up for a game.

They know that in order for a team to really do their best, someone has to be behind them, believing in them all the way.

And they're willing to give all they've got to make everyone feel the same way.

Those people are cheerleaders.

REAL TRADITION

Why is tradition relevant to the life of a student?

The traditions of Boardman High may seem outmoded and silly to some, but they are just as much a vital part of the school as any course. Traditions give every student a chance to become involved in some aspect of school life. Whether shedding blue jeans to dress up once a year or sharing senior week activities with friends, the student realizes by participating that he is truly a part of the school. A part of the past, the present and the future.

PROM

Even though it was pouring outside, couples were dancing under the stars at this year's Junior-Senior Prom, "Stairway to Heaven."

Illuminated murals of the constellations and table decorations of mounted stars accented the theme, and the music of Mike Roncone set the mood.

After dinner and a quick change at home, couples began arriving at Holiday Bowl for after-Prom festivities. Starting at 1 a.m., they bowled, danced, watched movies, ate, and in some cases slept, until 6 a.m. when they blindly made their way home.

COMMENCEMENT

The fifty-sixth Boardman High School commencement saw the largest graduating class in the history of the school. The six hundred thirteen seniors were led by junior marshalls Diana Belsan and Kathy Kowal into the gymnasium. Each senior girl carried the class flower, a daisy. The invocation was given by the Reverend John Ashton, followed by the address by the Reverend Norman E. Crewson, who spoke on "It's Later Than It's Ever Been Before." Following the presentation of diplomas and the singing of the Alma Mater, the Reverend John Alexandron gave the benediction.

- 1/ SOME ENTER HAPPY, some sad, reminiscent of the past twelve years.
- 2/ JUNIOR MARSHALLS, Diana Belsan and Kathy Kowal, lead the graduating seniors into the gym.
- 3/ "CONGRATULATIONS! You finally made it!"
- 4/ PAM PORTER, who led the Alma Mater, looks at her long awaited diploma.
- 5/ DEAN TRAFICANT adjusts his mortarboard before the graduation exercises begin.
- 6/ THE FINALE — Hats and diplomas.

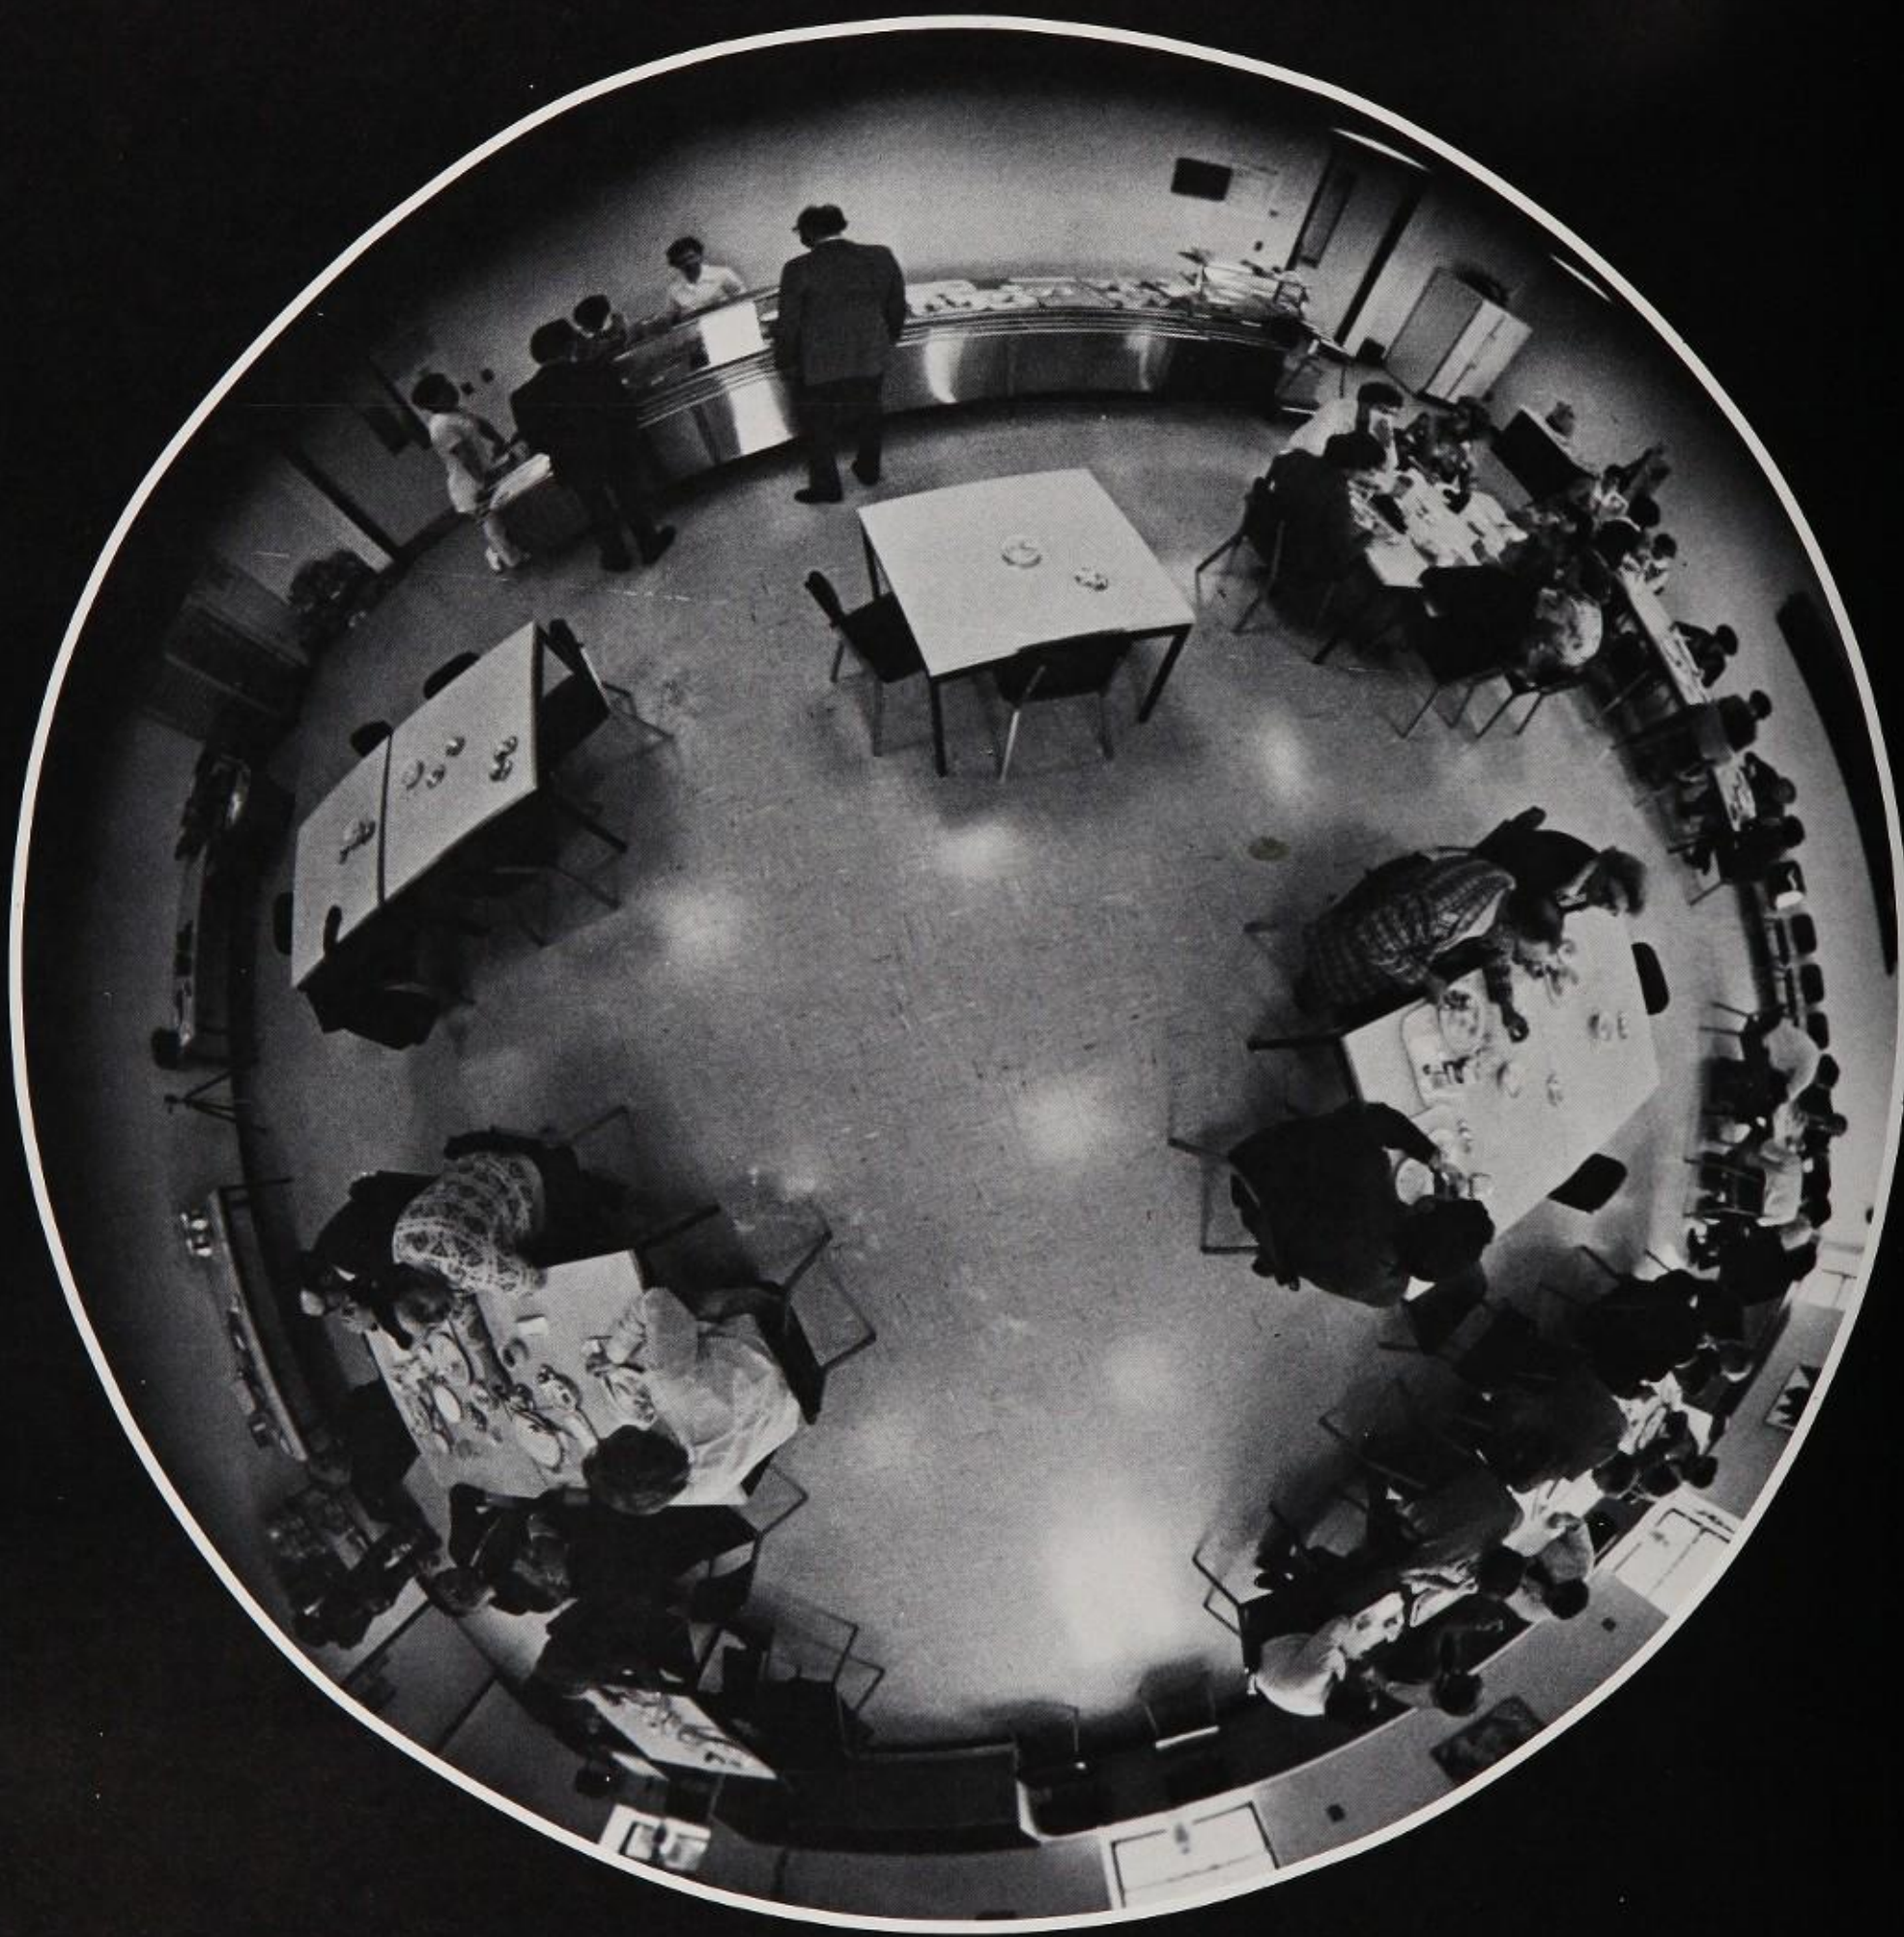

SENIOR DANCE

- 1/ DUE TO THE EFFORTS of the Senior parents, the Senior Dance was a huge success.
- 2/ ALONG WITH the headaches and upset stomachs from celebration, there were many blistered toes.
- 3/ SENIORS DANCED to the music of "Storm Coming Up."
- 4/ JIM BOOTH and Patty Rupprecht reminisce, "Oh, the good ol' days."
- 5/ OUTSIDE THE DANCE Katie Zimmerman and Stu Thiede take time out for a little "fishing around."
- 6/ RICHARD GLUCK, Jim Costa, and James Rollis taste the punch to see what "proof" it is.

REAL KNOWLEDGE

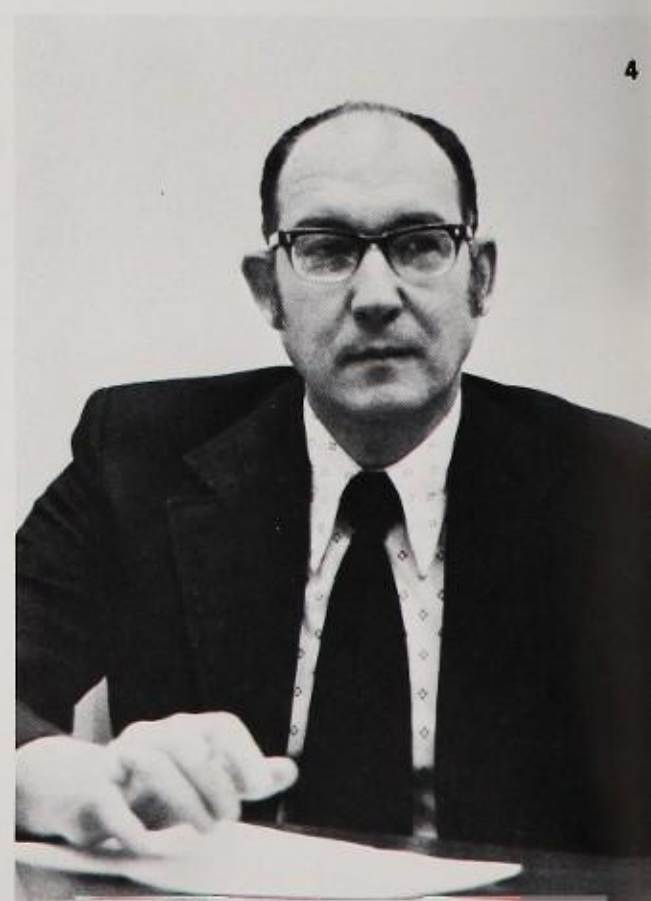

Why is knowledge relevant to the life of a student?

Once students reach high school something in them clicks. Suddenly we are all-knowing. The teachers are the people who have to contend with us. With their never ending patience they not only manage to broaden our knowledge in the fields of 'read-in, writin and 'rithmetic, but try to instill in us the desire to reach our goals after graduation.

Thank you for showing that there is so much in life yet to be learned.

BOARD OF EDUCATION

Many students fail to realize the importance of those individuals serving on the Board of Education. Their responsibilities include the employment of personnel, providing for transportation, managing the budget, and compiling a school calendar. They are to be commended for their fine efforts in making ours an efficient school system, one of the finest in the state of Ohio.

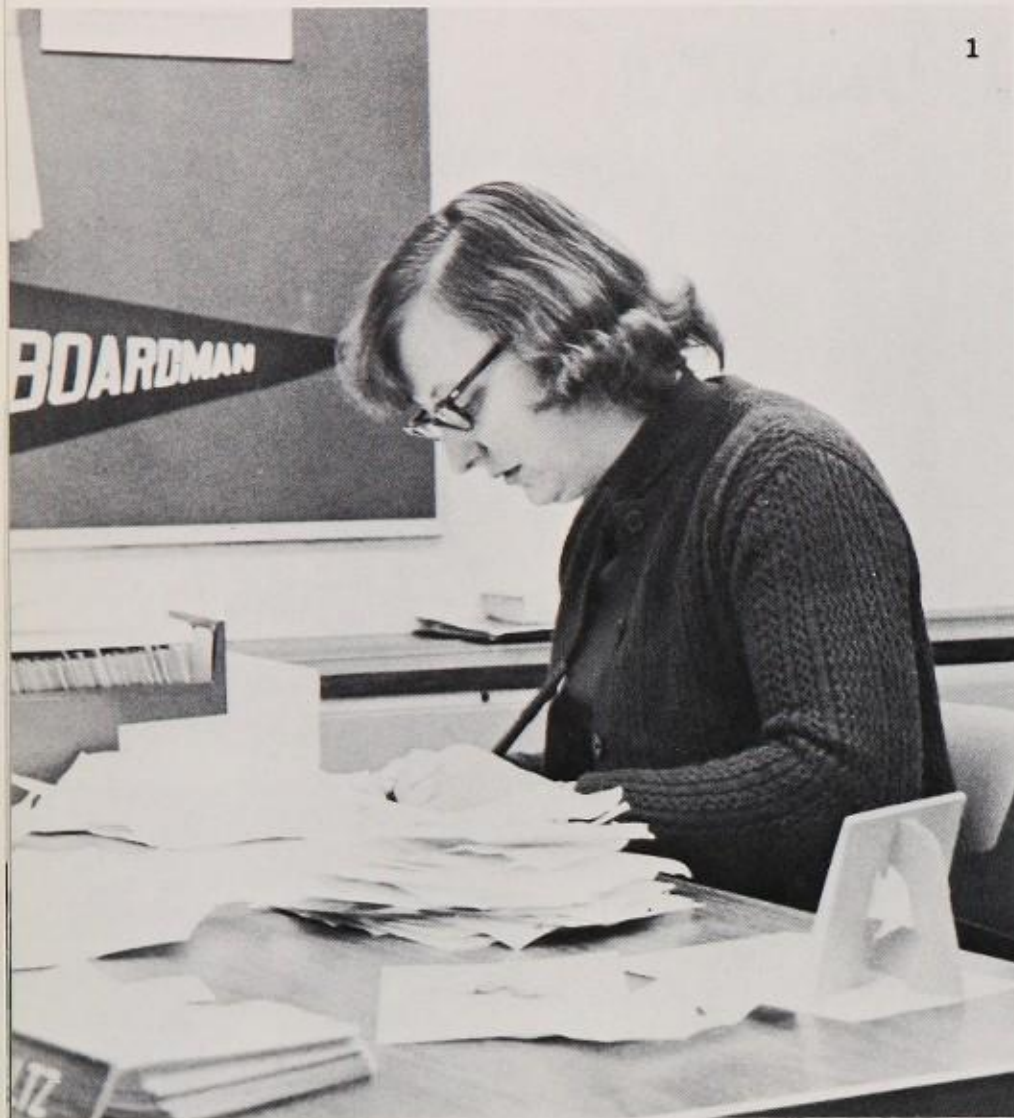

- 1/ Grant F. Kibbel has capably served as Superintendent of the Boardman School System for four years. He is given the responsibility of hiring competent teachers, maintaining a budget, and arranging educational programs for the community schools.
- 2/ **Boardman School Board (Clockwise):** Grant F. Kibbel — Superintendent of Schools, Norman Purucker — Board Member, Leroy Olson — Board Member, William Fowler Jr. — Vice-President, Morris Kirk — Curriculum Administrative Assistant, Erma Randall — Clerk, John MacDonald — Audio-Visual and Safety, John Harr — Business Administrative Assistant, Frank W. Knecht — Board Member, Howard Cailor Jr. — President.
- 3/ Dr. Arthur Nicolette served as a devoted board member for twelve years. He was a great contribution to the efficiency of the staff and will be sadly missed.
- 4/ Edward Strauss — Director of Transportation.

ADMINISTRATION GUIDANCE

Administration is the mainspring of the school's machinery. In addition to routine duties, discipline, and supervision, they work closely with Student Council and school publications, which brings them in constant contact with the students' world. The Guidance Department is also very close to the students, offering assistance and advice in the areas of career and education. Our school psychologist works with the individual, listening to and helping him with personal problems, thus really being a friend. Their thoughtfulness is greatly appreciated by everyone.

- 1/ **Administration: Clockwise from Top:** Mr. Richard Selby — Principal, Mr. Robert Vaclav — Assistant Principal, Mrs. Karen Dennison — Dean of Girls, Mr. Thomas Shook — Assistant Principal.
- 2/ **School Psychologist:** Mr. Robert Hammer.
- 3/ **Guidance: Left to Right:** Mr. Henry Miller, Mr. Richard Bame, Mr. Charles Willett, Mr. Robert Thomas — Director of Guidance, Mrs. Marion Steele, Miss Phyllis Roman.

- 1/ BOARDMAN HIGH welcomed Mrs. Marjorie Schultz to our staff this year as our new attendance office clerk.
- 2/ OUR SECRETARIES, Mrs. Dorothy Courtney, Mrs. Marilyn Pipoly, Mrs. Marian Andrews, and Mrs. Nellie Hrinko. They have an extremely tedious task of maintaining an organized school year by managing school finances and doing secretarial work for our administration and guidance department.
- 3/ MRS. ETHEL HRABKO tends the switchboard. Mrs. Jeannette Rowe, Mr. Selby's secretary at work with our other main office secretary, Mrs. Doris Hendrickson.

I.M.C. STAFF

The Instructional Materials Center is an excellent opportunity for students to delve into topics that interest them.

any interest + a wide range of materials + solitude = an independent student.

- 1/ Head Librarians: Miss Greenisen and Miss Luebben.
- 2/ Media Coordinator: Mr. Bickel.
- 3/ Library Assistants: Mrs. Johnson and Mrs. Fries.

- 4/ OFFICER HAINES, our man in blue, is Boardman's Supervisor of Security. Protecting us from the vices of youth, he is a familiar and respected face among the student body. Assisting him is Jr. Policewoman, Lori Grenich.
- 5/ MRS. JONES, as acting school nurse, is the guardian of bactine and band-aids; someone to turn to in times of nausea or bloodshed, she relieves the bodily upsets of many. Here she is helping Mark Moldovan "see the light".

CAPTAIN HAINES
SUPERVISOR OF SECURITY

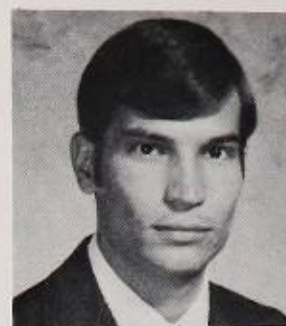

A VERY important and essential part of our school's maintenance is attributed to our custodians. We owe them a great deal of thanks and hope they realize how much we appreciate their efforts.

Furthermore, where would our students be if it weren't for those hard working cafeteria women slaving over hot stoves all morning just to satisfy our appetites? Little do they know much their efforts are appreciated. Without them our teachers would have to talk over the grumbles of our hungry stomachs!

To meet the demands of a large school, it is often necessary to employ a health and safety staff. Boardman's nurse and police officer extend a secure feeling to the student body and administration.

FACULTY

The faculty of Boardman High is an outstanding team of qualified individuals who have added a great deal to our educational institution. Each department has managed to maintain individual course standards. Our faculty's goal is to instill in their students an interest and awareness in their specific subject and also in the world around them. They take special interest in extracurricular activities which enable students to acquire an education beyond that which is found in books. Our faculty is to be commended for their patience, devotion, and understanding when dealing with each and every one of us.

WHERE DO teachers get all their knowl-
edge? From books, of course!

REAL FRIENDS

Why are friends relevant to the life of a student?

These are the people who advertise in our yearbook. Without their help our book would not be able to expand at all. The money received enables the "Crier" to experiment with new techniques and ideas to make your yearbook more interesting and meaningful.

We give our most sincere thanks to all the people involved.
